Utah Definition of Persistently Lowest-Achieving Schools:

Tier I Schools:

- Title I Served School:
- Identified in Need of Improvement, Corrective Action, or Restructuring under Title I; and
- Lowest 5% or 5 Schools, whichever is greater (in Utah lowest 5 schools). Utah has no Title I high schools identified as in Need of Improvement, Corrective Action, or Restructuring. Thus, no Title I secondary schools with a graduation rate less than 60% are included in Tier I. Utah used the reading/language arts and mathematics achievement scores combined for the "all students" group over a four year average to determine its lowest-performing schools for Tier I. The State of Utah also reviewed expected progress for each of its schools based on the Utah Performance Assessment System for Students (U-PASS) scores averaged for the most recent three years. None of the schools identified had achieved the minimum expected score of 180 (which is defined as one year of growth). This same process applies to the Tier I Newly Eligible Schools.

Tier I Newly Eligible Schools:

- Title I Eligible (Served or Not) Elementary School;
- 4-Year Average Reading/Language Arts and Math Proficiency in lowest quintile [for Utah: equal
 to or lower than the lowest performing school in Tier 1 (Midvale Elementary at 47%
 proficiency)]; and
- Not making expected progress (At least 180 on U-PASS Progress Score 3-year average). The state of Utah did not weight "all student" group compared with subgroups.

Tier II Schools:

- Title I Eligible, but not served Secondary School:
 - Lowest 5% or 5 Schools, whichever is greater (in Utah lowest 5% schools equals seven (7) schools). Utah used the reading/language arts and mathematics achievement scores combined for the "all students" group over a four year average to determine its lowest-performing schools for Tier II. The State of Utah also reviewed expected progress for each of its schools based on the Utah Performance Assessment System for Students (U-PASS) scores averaged for the most recent three years. None of the schools identified had achieved the minimum expected score of 180 (which is defined as one year of growth). This same process applies to the Tier II Newly Eligible Schools.
 - Less than 60% graduation rate (Utah has no high schools identified as Tier II solely as a result of a graduation rate of less than 60%). Utah uses a cohort graduation rate for this definition. Utah reviewed the graduation data for the most recent three years in making these determinations.

Tier II Newly Eligible Schools:

- Title I Eligible (Served or Not) Secondary School:
 - 4-Year Average Reading/Language Arts and Math Proficiency in lowest quintile [for Utah: equal to or lower than the lowest performing school in Tier I (Midvale Elementary at 47% proficiency)];
 - Not making expected progress (Utah measure of expected progress is a score of at least 180 on UPASS Progress Score – 3-year average);

OR

Graduation Rate less than 60%. Utah uses a cohort graduation rate for this definition.
 Utah reviewed the graduation data for the most recent three years in making these determinations.

Tier III Schools:

- Title I Served School: and
- Identified in Need of Improvement, Corrective Action, or Restructuring under Title I, but not in Tier I.

Tier III Newly Eligible Schools:

- Title I Eligible (Served or Not) elementary school;
- 4-Year Average Reading/Language Arts and Math Proficiency in lowest quintile [for Utah: Higher than lowest Tier I school (Midvale Elementary at 47% proficiency) and equal to or lower than the highest performing school in Tier I (Oquirrh Hills Elementary at 56% proficiency)]; and
- Not making expected progress (At least 180 on UPASS Progress Score 3-year average).

NOTE 1: Utah did not exclude any categories of schools in the identification of eligible schools in Tier I, Tier II, or Tier III.

NOTE 2: Utah had two schools that were considered as lowest-achieving, but in consultation with the Assessment and Accountability department, it was determined that neither of the two schools had sufficient number of students or test scores to make a valid determination of performance. These two schools were excluded because insufficient data were available to make an eligibility determination. If Utah needs to submit a waiver request, please notify Karl Wilson, State Director of Title I.
